Dear Mr. Weisberg;

I am truly sorry and
terribly embarrassed!

Your book was very
interesting and despite the
small type, I had a hard
time putting it down.

The reason that I
delayed sending the check
was that I wanted to
write on several points
and include the letter
with the check. I had
one or two points where I

disagreed, one or two
questions to ask and also
something that I noticed
concerning Oswald's killing on
TV that you didn't mention.

My problem is that
I'm the County Committee
municipal chairman and
also a district vice chairman.
New Jersey had its primary
election in the beginning of
September which is horrible.
I have been very involved
in campaign activities since

August. I've got to
practically re-read your
book again to find out
what I wanted to write
about!

So while I get myself
more and more involved, I
make you wait for your
check! I am very sorry.

As soon as the elections
over, I'll write my other
letter to you.

Sincerely,
Janet Boston
